Notice of Allowance

This is the Notice of Allowance for application number 10/727,769 Swing Down Fuel Tank, filed on 12/4/03. Claims 1-15 and 22 are allowed.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach a fuel tank that pivoting and releasing structure allows for the second free end of the cradle holding the tank to swing outward and downward in a single arc, the arc being a smooth continuous uninterrupted single stage path. The prior art teaches this out and downward motion in two stages out and then down with interrupted arcuate paths.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance." Any inquiry concerning this communication should be directed to Amy J.
